

THURSDAY, AUGUST 20, 1896.

Mr. Geer did not mention the raffle at Ashland.

Salem is the best cash wheat market in the county.

Harvey Scott classes Mrs. Bryan with the raffle.

Bryan will ride to the White House but not on a free pass.

Eugene will have a Bryan club organized in a few days.

Why don't the Statesman print Mr. Ford's speech to the workingmen?

The Salem mills buy all wheat that comes and pay the highest cash price.

It circulates without Mark Hanna's gold standard—THE LITTLE SILVER DAILY.

True Americans want bimetalism that bimetalizes without the consent of England.

Last January John H. Mitchell put the question of independent bimetalism first.

Wall street and the wealth of the United States was against Lincoln in 1860 as it is against Bryan today.

T. T. Geer's grandfather didn't wear a bobtail shirt and therefore the silver question has no place in this campaign.

Working men, just vote with us millionaires and syndicate managers, and we will keep your families from starving.

If Mr. McKinley is elected, no one will be entitled to higher honors in this county than Walter L. Toole, of Woodburn.

THE LITTLE SILVER DAILY will bet a cookie that Bryan's "country bred wife" will beat Harvey Scott in his own state.

The departure of Tilton Ford to the gold standard, is the heaviest loss the silver men of Marion county have sustained.

Lower telegraph rates are announced by the Western Union Telegraph Co. That will be appreciated in these times.

The gold papers are worrying about "Bryan's theories." They better pay a little attention to his practices. He pays as he goes.

Wm. Ford agrees with Mr. Mitchell in putting the tariff before the money question. But other people don't put the tariff first.

Li Hung Chang is coming to our country, on his way to China. He will be entertained at New York by the Cleveland administration.

D. E. Swank, the Aumsville miller, says he will never vote for McKinley. He does not believe either McKinley or Bryan can save the country.

A barbecue is the old fashioned country style of celebrating. That's the way to ratify the nomination of a country boy for president.

A harvest crew of 17 men working near Eugene, took a vote on the money question a few days ago. The vote resulted: Silver 16; gold 1. That was 16 to 1.

If Mr. McKinley is elected we shall be flooded with prosperity. If Bryan is elected the country will be flooded with silver. We shall catch it either way.

THE JOURNAL is in receipt of several fine poems on the campaign. When the people go to writing poems and singing songs their hearts are moved.

Oregon should present one electoral ticket against the gold standard, that will unite the Republicans, Democrats and Populists, who are for Bryan and Bimetalism.

## WE ARE ALL AMERICANS.

Many patriotic Democrats who cannot consistently support Major McKinley as a Republican will gladly vote for him as an American. The foremost principle among those he represents that the National honor must be protected against enemies from within as well as against foes from without.—New York Mail and Express.

The above paper is Major McKinley's personal organ. It is owned by a son-in-law of the Vanderbilts.

Its argument that many patriotic Democrats who cannot consistently support Major McKinley as a Republican can support him "as an American," will hardly go down.

Since when do the terms Republican and American no longer mean the same in American politics? It is not the above confession that Major McKinley is standing upon an un-American platform which no patriotic American can support?

Then with what consistency are Democrats asked to support Major McKinley "as an American" when they cannot support him as a Republican?

Before he was baptized in Mark Hanna's tank of British gold any American could support Major McKinley as a Republican; but not since.

## WHERE THEY STAND.

The present campaign has disclosed that many a man who has heretofore talked "silver" and many big newspapers that have advocated "silver" were only doing so from motives of policy or demagoguery.

This campaign has smoked the goldbug "nigger" out of the woodpile. The silver question has become the "live wire" of American politics, of world politics, and the goldbug in disguise takes his proper place.

The alleged "silver" papers of California have all been unmasked and the sales of Chronicles, Calls, etc., have fallen off to about 25 altogether at Salem and 200 Examiners are taken here now.

## MR. FORD AND SILVER

Tilton Ford of Salem has always been counted a silver man. In the legislature he made a record for free coinage. He has always said he was a silver man. He now addresses audiences as "we free silver Republicans."

But now that the money question is the vital issue, and the battle is squarely between the gold standard and Independent American Bimetalism, he takes the position that settlement of the money question shall be postponed. We regret to say that in effect Mr. Ford has virtually put himself on the side of the gold standard in this fight. Mr. Ford can delude a jury but he cannot delude the people of Oregon in this matter.

T. T. Geer will address the Workingmen's club Friday evening. He is the ablest advocate of the gold standard in Oregon and a McKinley presidential elector.

Senator Thurston has retracted his charge that Bryan was ever in the employ of the silver mine owners. The Salem Statesman repeats the lie from day to day.

First in importance is the money question; next the immigration question; then the tariff; but not tariff first say the people. And the people's rights in this case are paramount to the politicians.

John H. Mitchell will, it is said, open the McKinley campaign at Woodburn, where the silver boys made the fight of their lives for him against the goldbug's gold. We shall believe it when we see it. Not until.

Many Republicans have no doubt asked themselves, why should our country bow down to Great Britain in its financial policy, any more than we do in our commercial policy? And there is not a good reason.

Out of eighty voters in Dexter precinct, Lane county, not to exceed 8 are for the gold standard. In one precinct of Marion county, out of 75 voters only twelve are for McKinley, counting all doubtful for him.

CASTORIA. *Wm. H. Mitchell* is on every wagon.

## WHAT 16 TO 1 MEANS.

Director of the Mint Preston has issued a circular in which he explains the meaning of 16 to 1 as follows:

All standard silver dollars coined by the mints of the United States since the passage of the act of January 18, 1837, have been coined in the ratio of 1 to 15.984 generally called the ratio of 1 to 16. Still to reach accurate results, the former and not the latter figure must be used in calculations, the ratio is obtained in this way: The silver dollar contained 371.25 grains of pure silver and the gold dollar 23.22 grains of pure gold. If you divide 371.25 by 23.22 you will get the ratio or weight between a gold dollar and a silver dollar—that is 15.984. It is true that to be on a par with gold, silver would (at our ratio) be worth \$1.2929, the reason is this: A gold dollar contains 23.22 grains of pure gold in an ounce, or 480 grains of gold. There are as many dollars as 23.22 is contained times in 480 grains. If you divide 480 by 23.22 you get \$20.67, the number of dollars that can be coined out of an ounce of pure gold. In other words, the money, equivalent of an ounce of gold, or of 15.984 ounces of silver, at the ratio of 1 to 15.984. Now, if 15.984 ounces of silver be worth \$20.67, one ounce is worth \$1.2929 as you can prove by simple division. The same result is obtained by dividing 480 grains, or one ounce of silver, by 371.25, the number of grains of pure silver in a standard silver dollar at the ratio of 1 to 15.984, which gives \$1.2929.

Sixteen ounces of pure silver will coin a little more than one ounce of gold; 15.984 ounces of silver will coin exactly the same amount of money as one ounce of gold; that is \$20.67. You can prove this by dividing 15.984 ounces by 371.25 grains, the operation is as follows: 15.984 multiplied by 480, divided by 371.25, equals \$20.674. It is not true that 16 ounces of silver will come only \$16.80 at the rate of 1 to 16.

As will be seen above, one ounce of silver will coin \$1.2929. Multiplying \$1.2929 by 16 gives \$20.68. You can obtain the same results in another way. Sixteen ounces Troy, or 7,680 grains divided by 371.25 gives the number of silver dollars that can be coined out of 16 ounces of silver. 7,680 divided by 371.25 equals \$20.68. CARALE.

## RETRACTION DEMANDED.

The Statesman prints neither Bryan's denial that he was ever employed by silver mine owners, nor Senator Thurston's confession and admission that Bryan tells the truth.

THE JOURNAL printed the charges against Bryan, Bryan's denial and Thurston's admission. These facts were all in the associated press reports that the Statesman gets, but suppresses, in the interest of McKinley. The people demand a retraction, Mr. Statesman.

The labor exchanges are springing up all over our country. Money is so scarce the people cannot consume the farmer's products. But they can trade the products of one another's labor. The labor of hands and the necessities of life cannot be demonetized or monopolized. Unless free coinage can be restored the producer is gone up, and must go back to barter and trade.

Carloads of goldbug speeches are being distributed in Oregon in the interest of McKinley and Hobart. Personal letters are being sent by the committees, paid with Mark Hanna's funds to all laboring men, promising employment at big wages if McKinley is elected.

Senator Thurston says: "I am free to say that a vigorous campaign must be kept up until election day, to accomplish what we hope." Isn't that a squeal of victory, though?

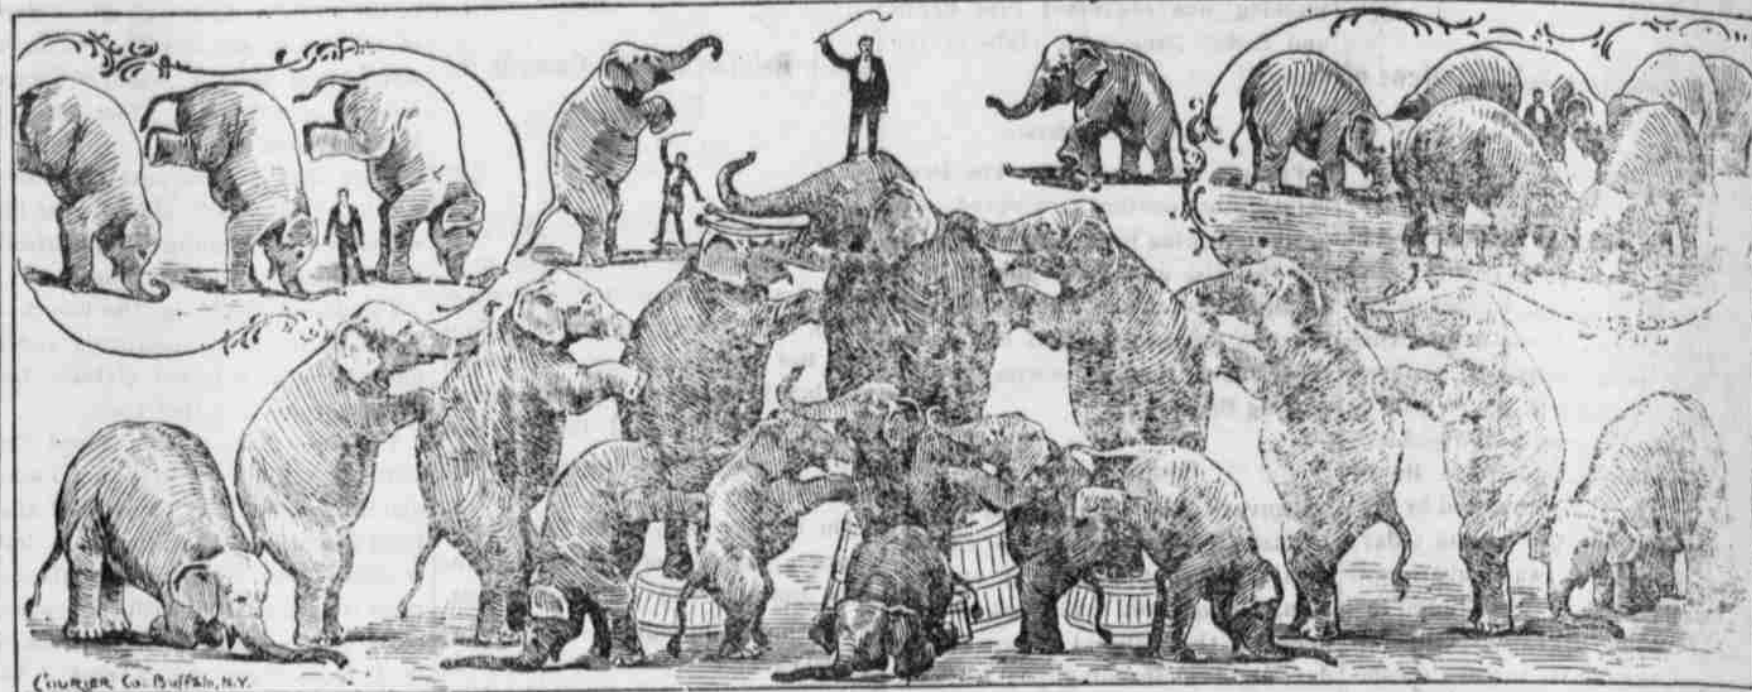

Salem is delightful as a summer resort. More people are staying at home than ever before. The nights are cool and the days are pleasant.

Prepare to attend the Bryan ratification at Salem Sept. 5. It will not be paid for out of Mark Hanna's barrel.

Circulate Bryan's New York speech. It is unanswerable. \$1.00 per hundred in silver.

## The Biggest Salem Show Saturday- AUG. 22. The Largest and Richest Show on Earth.

## Adam Forepaugh and Sells Brothers, America's Greatest Shows United.

"The new aggregation one of the most powerful in the world."—N. Y. Herald.

The premier event of all combined circus seasons. Earth's greatest, grandest and most stupendous tented exhibitions. Beyond all comparison the largest show ever organized.

4 Big Circuses. . . . . 4 Great Rings.

2 Elevated Theatre Stages. 2.
